

DMK-ED

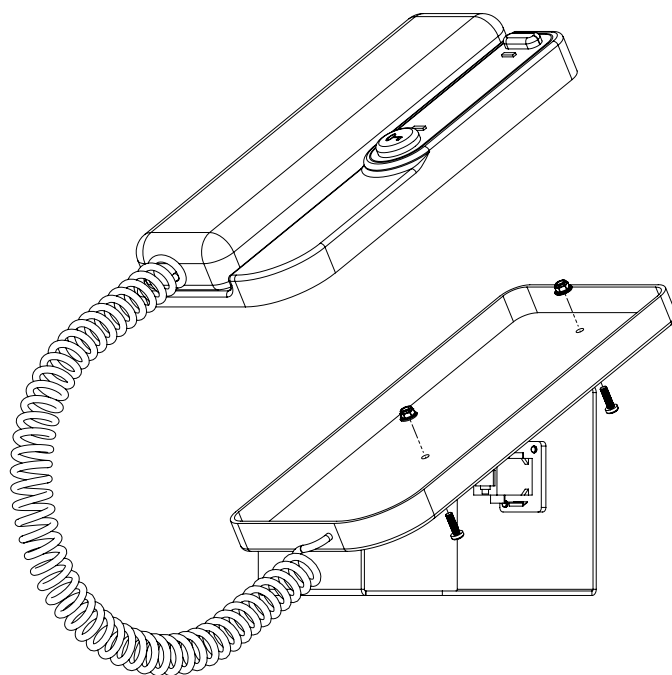

ED desk mount kit

Overview

DMK-ED is a desk mounting kit for Entrotec ED, EA and RH handsets. Manufactured from a powder-coated mild steel, the desk-mount kit offers a sturdy and robust solution for mounting a door entry handset to a table-top.

The desk-mount is supplied assembled with a RJ45 port to allow for easy plug-in connections to one or more wall sockets.

The base features non-slip feet and has additional screw holes to allow an optional secure fix it to a surface.

Technical characteristics
