

ePRO 1 WAY KIT

IP Kit, 1 Button Video Call Panel, Touch Screen Video Apartment Station

Overview

ePRO 1 Way Kit comprises of an IP apartment station with a 7" touch screen monitor, a compact 1 button call panel with integrated access control and power supply.

The apartment station has an intuitive User Interface based around a capacitive touch screen and 5 capacitive touch sensitive button. Video calls from the call panel can be captured during calls, stored on an SD card. Visitors can leave a video voice mail when the resident is out.

The call panel has a high definition camera with a wide field of view and night vision. The call button is illuminated and indicates status. The call panel has integrated high security access control fob reader and relay, compatible with eTAG-HS key fobs.

2 Core 0.5 mm² Flex
